Affects:

Product (Component)	Oracle Server (Rdbms)
Range of versions believed to be affected	Versions BELOW 21.1
Versions confirmed as being affected	<ul style="list-style-type: none">19.24.019.23.019.22.019.18.019.1.012.2.0.1 (Base Release)
Platforms affected	Generic (all / most platforms affected)

Fixed:

The fix for 30420615 is first included in	<ul style="list-style-type: none">(None Specified)
-------------------------------------------	------------------------------------------------------------------

Interim patches may be available for earlier versions - click [here](#) to check.

Symptoms:

- [Internal Error May Occur \(ORA-600\)](#)
- ORA-600 [kestsafinalround:1]

Related To:

- (None Specified)

Description

Using auto tuning task, the basic filter parameter was not filtering a SQL as expected.

Other symptom:

With BASIC_FILTER parameter being set , ORA-600 [kestsafinalround:1] might occur.

Eg:
SQL> BEGIN
dbms_auto_sqltune.set_auto_tuning_task_parameter(
parameter => 'BASIC_FILTER',
value => q'sql_id not in ('<sql_id>')#');
END;

PL/SQL procedure successfully completed.

SQL> exec dbms_auto_sqltune.execute_auto_tuning_task;
BEGIN dbms_auto_sqltune.execute_auto_tuning_task; END;

ERROR at line 1:
ORA-00600: internal error code, arguments: [kestsafinalround:1],[0x7FFFCDA965F8], [], [], [], [], [], [],
ORA-06512: at "SYS.DBMS_SQLTUNE_INTERNAL", line 14147

REDISCOVERY INFORMATION:
When setting a basic filter, the filter should work.

Workaround
None

Please note: The above is a summary description only. Actual symptoms can vary. Matching to any symptoms here does not confirm that you are encountering this problem. For questions about this bug please consult Oracle Support.
